GitHub: github.com/vinitrj19
Portfolio: vinitrj19.github.io

Email: vinitrj19@gmail.com
Mobile: +91 8092107560

SKILLS

Languages:	Python, C, C++, JavaScript
Web Technologies:	HTML, CSS, JavaScript
Data Science & ML:	Pandas, NumPy, Matplotlib, Scikit-learn, Regex, Jupyter Notebook
Embedded / Simulation:	Arduino Uno, Arduino IDE, LiquidCrystal_I2C, Proteus
Developer Tools:	Git, GitHub, VS Code
Soft Skills:	Teamwork, Leadership, Communication, Problem-Solving, Adaptability, Time Management

PROJECTS

Financial Behavior Analyzer

Apr 2026

- Built an end-to-end system that cleans transaction data, standardizes descriptions, categorizes expenses, and analyzes spending patterns.
- Analyzed 477 real transactions totaling approximately ₹1.63 lakh and developed an ML model for overspending detection with around 73% accuracy, with focus on recall because of class imbalance.
- Developed a machine-learning model for potential overspending detection that achieved approximately **73% accuracy**, with focus on recall due to class imbalance.

Tech Stack: Python, Pandas, NumPy, Matplotlib, Scikit-learn, Regex, Jupyter Notebook.

Electricity Management & Energy Efficient System

Dec 2025

- Developed an automated classroom power-management prototype that detects occupancy and movement, and controls simulated lights and fans to reduce unnecessary electricity use.
- Implemented sensor-input processing, occupancy and motion control logic, LED load control, LCD status updates, and scenario-based testing as the main Arduino programmer and team leader.
- Tested different occupancy and motion scenarios to verify the system response and demonstrate automatic control aimed at reducing unnecessary electricity usage.

Tech Stack: Arduino Uno, IR Break-Beam Sensor, PIR Sensor, 16x2 I2C LCD, Arduino IDE, LiquidCrystal_I2C, Proteus.

E-Blood Bank

Nov 2025

- Developed a web-based platform designed to connect blood donors with recipients who need blood urgently, with a focus on improving access to blood across cities.
- Contributed to the backend, coordinated team activities, and handled project presentation and pitching while helping shape the donor-recipient workflow.
- Led team coordination and contributed to the project's presentation and technical pitching, communicating the project's purpose and working to the audience.

Tech Stack: Python, HTML, CSS, JavaScript.

TRAINING

FPT Software | Global Immersion Program — Vietnam

Jul 2026

- Participated in an international learning program covering AI in Cybersecurity, AI in Robotics, intelligent automation, AI governance, and AI-native organizations.
- Attended industry sessions and professional interactions that strengthened my understanding of real-world AI applications, teamwork, communication, and workplace practices.

Tech Stack: FPT Software, Artificial Intelligence, Cybersecurity, Robotics, Intelligent Automation, AI Governance

Winter Training Program | IIT Kanpur — Python for Data Science

2025–26

- Completed structured training in Python for Data Science, strengthening programming, data handling, analysis, and practical problem-solving skills.
- Applied Python-based tools and concepts to work with data and build a stronger foundation for data science projects.

Tech Stack: Python, Data Science, Pandas, NumPy, Data Analysis

CERTIFICATIONS / CERTIFICATES

FPT Software — Global Immersion Program	Jul 2026
Lovely Professional University — BEEEyond Limits: Taking Innovation Beyond the Basics	Apr 2026
IIT Kanpur — Python for Data Science	Mar 2026
Google — Using Python to Interact with the Operating System	Feb 2026
Google — Crash Course on Python	Nov 2025

ACHIEVEMENTS

- BEEEyond Limits — University Exhibition — Top 5

May 2026
- TechXpo — Top 5 — E-Blood Bank.

Sep 2025
- Solved 40+ problems on Leet Code through regular coding practice and problem-solving.
- Participated in AIESEC activities including volunteering, debates, and the Outgoing Global Talent / Teacher department.

EDUCATION

Lovely Professional University	Kapurthala, Punjab
B.Tech in Computer Science and Engineering — CGPA: 7.93	Aug 2025 – Present
Yogiraj Public School	Kota, Rajasthan
Senior Secondary (Class XII) — Percentage: 77%	Jun 2023 – Apr 2024
Yogiraj Public School	Kota, Rajasthan
Senior Secondary (Class X) — Percentage: 86%	Apr 2021 – Apr 2022
